

Dear Coral Springs Residents,

We hope everyone is enjoying the holiday season and keeping cozy and warm. On behalf of the Board of Directors and staff of the Coral Springs Residents Association (CSRA), we would like to take a moment to thank you for your continued support and engagement throughout the year.

### **Winter Lake Safety, Ice Conditions, and Skating Update**

We know everyone is eager to get out on the lake to play hockey or enjoy skating around the path.

Staff are monitoring ice conditions daily to ensure resident safety. The tennis courts are currently open for skating, and we are close to opening the hockey rink on the lake, pending confirmation of safe and consistent ice. The skating path is also being checked and will be prepared once deemed safe. Recent thawing and refreezing have made conditions unpredictable; however, all ice safety protocols are being followed, and CSRA remains in compliance with applicable standards. Updates will be shared as conditions change.

### **AGM Update:**

Due to operational and administrative matters beyond our control, the AGM was delayed ensuring it is conducted properly and in the best interest of the Association. We are currently targeting the second half of January and will share the confirmed date as soon as it is finalized. Thank you for your patience and understanding.

### **Facility Access Reminder**

All members must **check in at the Beach House** before using any Coral Springs facilities. This requirement applies to **all residents**, including those accessing the facilities through community pathways.

### **Looking Ahead: Modernizing Our Systems & Communication**

CSRA is modernizing its systems to improve communication and member engagement. This includes increased use of Facebook and Instagram for official updates, community announcements, events, and amenities, as well as upgrades to our website to make it more interactive and user-friendly. We encourage all residents to follow our official CSRA social media channels to stay informed.

### **Season's Greetings**

As we approach the holiday season, we wish you and your families a very Merry Christmas and a Happy New Year. We hope this time brings you joy, rest, and meaningful moments with loved ones. We look forward to continuing to build a strong, respectful, and connected community together in the year ahead.

With warm regards, from your Board of Directors and Staff at the CSRA.
